

2021 IMPACT REPORT

A NOTE FROM MICHAEL

Dear Friends,

Over the past year, I have been consistently blown away by your generous and faithful support of The Colossian Forum as we've continued to invite churches and Christian schools into conflict transformation practices.

In November 2021, we released a new Colossian Way small-group curriculum on the topic of "Women & Men," aimed at helping congregations navigate what it means to live faithfully amid expectations about feminine and masculine ideals, leadership, work and family life, and gender.

Organizationally, we've shifted much of our efforts into equipping Christian leaders with vision, practices, and systems through WayFinder, our new leadership training and development program. As we've engaged Christian communities through WayFinder, I have been heartened to see how fervently these leaders embraced the opportunity to love God and love their neighbor more deeply through conflict.

Through both of these efforts, we are witnessing renewal of communities and revitalization of leaders, both of which would not be possible without your support.

I am grateful to share a few words from some of those participating in Christ's ministry of reconciliation through The Colossian Forum in the following Impact Report. As you'll read, our common work is deeply relevant to Christians as they seek to navigate conflict within their communities.

Thank you for your sustaining prayers and financial generosity, especially as we embark on this new chapter of witnessing Christ's reconciling power to Christian communities across North America.

Peace of Christ,

Rev. Michael Gulker
President
